The Covid-19 pandemic has shown that innovation is crucial for business survival. Given the uncertainty of the pandemic's lingering effect and its possible enduring impact on business and society, corporations are prompted to reimagine the way they do business to protect their stakeholders and their long-term prospects. Given this scenario, data science and AI leaders recognize that the ability to make rapid, data-driven, and timely decisions will be critical to how well companies can position themselves on a trajectory of profitable growth in the "new normal."

Please tune in to our talk on Leveraging Data Science and AI in the New Normal as our speakers show how to successfully leverage your data science and AI capabilities to help your business thrive and adapt in this crisis - the best way forward.

# The Future of Banking for Businesses

August 18, 2020 | 5:30pm Manila Time

FEATURING

**Pia Bernadette Roman Tayag**  
Managing Director, Center for Learning and Inclusion Advocacy  
Bangko Sentral ng Pilipinas

Ms. Roman Tayag, heads the principal advocacy office of the Central Bank for financial inclusion, financial education and consumer protection.

Ms. Roman Tayag graduated with a bachelor's degree in Public Administration from the University of the Philippines and a master's degree in International Affairs focused on Economic Development from Columbia University. She is also a fellow in the Harvard School Leadership Program for Financial Inclusion at Tufts University.

Ms. Roman Tayag is also active in global discussions on financial inclusion as a member of the relevant working groups in the G20 Global Partnership for Financial Inclusion, Alliance for Financial Inclusion, Islamic Financial Services Board and the Fintech Group of the UN/ISGIA. She was also a member of the Policy Advisory Group of the Innovations for Poverty Action Research Fund, Senior Cash Alliance Editorial and Publications Committee, and Smart Campaign Steering Committee.

## Jaypee Soliman

Vice President / SME Platform Head - SME Business Banking Group  
Unionbank

Jaypee has been with Unionbank since 2008, starting his career in Transaction Banking and Cash Management up to April of 2018, when he moved on to take the role as Head of Customer Segments Management Unit under Retail Banking where he specializes in Customer Journey/Ecosystem Mapping, Customer Onboarding, Product/Tech Development and Platforms. Later on, November of 2019 was appointed to be the Head of SME Platforms unit under the SME Business Banking Group, Transaction Banking Center. He now manages various SME related platforms such as Unionbank GlobalLink.

He has joined a number of business and technology forums as a key resource speaker and subject matter expert, taking the stage to speak about the importance of partnering with reputable institutions in order to properly grow one's business on various online platforms since 2015. He is also an advocate of digital transformation for MSMEs as well as helping promoting Digital Banking as a solution for businesses.

As the head of the group that specializes in Unionbank's various innovations on technology related banking products and services, he has built the expertise to advise both MSMEs and large companies, in finding the right banking and tech solutions for their businesses. Mr. Soliman's participation in the overall SME Advocacy of Unionbank has been of great help to entrepreneurs who are still unsure of how to go about their e-commerce ventures, online businesses, and MSMEs digital transformation journey from a financial, technology, and platforms solutions standpoint.
